

## Sales Account Manager – GB South

Provita has a strong portfolio of animal health products including Provita Protect, the world's first medicinally licensed probiotic and Hoofsure Endurance, the market leading footbath solution. Provita has an extensive research and development department which has allowed it to develop a range of products specific to a wide range of species including cattle, sheep, poultry, pigs and small animals which are sold both domestically and globally.

This position will be based in south GB working from home. The role will involve calling with agricultural merchants, veterinarians, wholesalers and farmers. The successful candidate will be required to grow the business with existing customers and develop new customers. Candidates will have sales experience in the animal healthcare / agricultural environment with a solid track record of sales achievement.

Seeking only the best, highly motivated individuals we offer an excellent benefits package associated with a growth company in the animal healthcare sector including a competitive salary and substantial commission earnings, ongoing support and commitment, together with technical and product training.

### Essential Criteria

- At least 3 of the past five years in animal health / agriculture related sales.
- Proven track record of developing new and existing business
- Strong organisational skills and ability to work under pressure
- Proven self-starter
- Strong work ethic
- Positive attitude
- HND/ in agriculture or life science degree, or above.
- Clean current driving license
- Strong written, numerical and ICT skills
- Ability to attend exhibitions, domestic and abroad if required.

If you feel you have the necessary background, experience and enthusiasm to be considered for this excellent career opportunity please forward your CV to Provita.

### Package

£30,000 to £35,000 OTE, negotiable, depending on experience.

Closing Date: 31<sup>st</sup> January 2013

Provita is an equal opportunity employer.
